TIRED OUT.

There's many a wife sits in the growing shadows of an evening, knowing what it is to feel tired out; as if there was not another ounce of effort left in her. But if healthy she knows how sound her slumber will be and how refreshed the morning will find her. But it's another thing for the sick woman to feel tired out. Rest only seems to increase her suffering. She feels acutely the aching back and throbbing nerves. Sick women, hundreds of thousands of them, have been made well by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I am pleased to inform you of the benefit I received from using Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. Elizabeth A. Oswold, of 45 Brant Street, Windsor, Essex Co., Ontario, Canada. "Was quite discouraged when I wrote asking your advice, as the physicians here told me I could get no relief except by an operation. Suffered for four years from irregular and profuse menstruation, had sick and nervous headaches most of the time, and at times could hardly walk across the floor from weakness. I thank God there is such a remedy as Dr. Pierce's Favorite Prescription for suffering women. Before I had taken the first bottle the headaches had left me and it was not long before regularity was established and still continues so. Have just finished house-cleaning which I never expected to be able to do again, and can truly say I never felt better than at present. I gladly recommend 'Favorite Prescription' to all who suffer from female weakness. It has cured me and made me stronger in every way. Neither my husband nor myself can say enough in its praise."

The selfish seller who urges some substitute is thinking of the larger profit he'll make and not of your best good.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol
Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. | Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U.S.A.

TORNADO IN KANSAS.

As was stated in yesterday's Gazette, Twenty-six persons are known to have been killed and 44 injured in a tornado, which swept over Marquette, Kansas, Monday night. One large section of Marquette, where the principal loss of life occurred, was entirely wiped out.

Reports from the surrounding country show that the destruction to life and property was widespread. In several cases entire families have been killed. A man named Switzer, a night watchman at the railroad yards, lost his three children. N. P. Nelson and his wife and three children, were found dead. Two other children, were not at home and escaped injury.

Last night order was practically brought out of the chaotic condition that prevailed yesterday, and a relief committee has begun dispensing aid.

The tornado struck the southern end of the town and cut a clean swath 100 yards in width through its entire length. Coming as it did at midnight, the people were caught without a moment's warning. A heavy rainstorm had preceded the wind. The tornado passed on into the farming country north of Marquette aft r a few minutes and caused further damage.

In Marquette many residences were demolished, the wreckage being carried away entirely, while others were picked up bodily, moved a short distance and dropped to the earth.

Many of the victims were killed as they lay asleep; others awoke maimed and bleeding to find themselves buried in the debris of their former homes. Men with lanterns soon appeared and began the work of rescue.

When daylight broke over the town it found the entire population in a state of panic. Business was suspended and everyone who escaped injury turned his attention toward aiding the wounded.

The tornado seems to have formed three miles south of Marquette and did not spend it farce until it had passed many miles north of the town.

The Swedish Lutheran and Methodist Churches were among the first buildings struck, and they together with the parsonage of the Methodist church were demolished.

The infant daughter of Charles Sailen was lifted in her bed and carried to the middle of the street, receiving only a few scratches. Salion and his wife were seriously injured.

The mattress upon which the baby daughter of Rev. Mr. Smith lay was doubled up in such a manner as to cover the child and protect it from falling timbers. In spite of the destruction of the Smith house, the entire family escaped uninjured.

Mr. and Mrs. O. S. Ellvin were carried on their bed a distance of 500 feet and dropped without being seriously injured.

Marquette is a town of 1,500 persons, in McPherson county. It is the exact center of Kansas and the richest farming country in the State.

As a Check to Divorce.

In response to invitations sent out by Archbishop Farley, 200 Catholic women prominent in the social life of New York city gathered Monday in the parlors of the episcopal residence for the formal discussion of the brief of Pope Pius X approving of the Daughters of the Faith, the organization which has undertaken a social war against divorce.

In opening the meeting Archbishop Farley spoke of Miss Eliza Lumis's visit last summer to the Pope at Rome and his approval of "the social reforms it is the purpose of the Daughters of the Faith to bring about through united effort toward counteracting the evils of naturalism, working such havoc in the home and social life of our people." He urged that the Daughters of the Faith invite non-Catholics to co-operate with it in "checking the divorce cancer."

One of the society's precepts is: "The Catholic divorcee who remarries and other divorcees whose lives are an open scandal will be socially ignored."

Another Jewish Massacre.

The recent massacre of Jews in Volhynia, southwestern Russia, in which 12 Israelites were killed and about 50 wounded, recalls the massacre of two years ago. The riot started on April 19 and lasted for three days during which time 45 Jews were killed outright, hundreds were wounded and thousands made homeless.

The outrages to which the Jewish women and children were subjected by mobs were too horrible to recount. It was estimated that 700 homes were destroyed; that 600 shops were sacked and that 10,000 persons or 2,000 families were made homeless as a result of the massacre.

The Russian government at the time explained that the cause of the outbreak was that a Christian woman had been attacked by a Hebrew owner of a merry-go-round in sight of a number of Russian workmen. Later investigation by outriders showed that the massacre had been contemplated for some time previous to the outbreak, and there were indications that the Russian government was aware that the outbreak had been planned.

A number of arrests were made by the Russian officials, and as a result of a secret trial two Russians who were convicted of being the "authors" of the massacre were sentenced, respectively, to five and seven years imprisonment.

Twenty-two other persons, who were charged with being involved, were sentenced to periods of imprisonment ranging from one to two years.

Forty-eight civil actions brought by Jews against the accused were dismissed.

Man's Reasonableness

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble, "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.

BUFFALO LITHIA WATER

The Great Solvent and Eliminator of URIC ACID and other POISONS.

"Doubly Efficient in Rheumatism and Gout, and an Important Corrective of Digestive Failures."

John V. Shoemaker, M. D., LL. D., *Professor of Materia Medica and Therapeutics in the Medico-Chirurgical College of Philadelphia, etc.*, in the *New York Medical Journal*, July 22, 1899: "The **BUFFALO LITHIA WATER** is doubly efficient in rheumatism and gout. It dissolves uric acid and phosphatic sediments, as well as other products difficult of elimination, while at the same time it exerts a moderately stimulant effect upon the renal cells and thereby facilitates the swift removal of insoluble materials from the body. Without such action insoluble substances will precipitate in the kidneys and bladder. The intense suffering produced by stone, together with consecutive pyelitis and cystitis, are avoided by prompt elimination. Unquestionably, although the speedy removal of uric acid and other products of faulty tissue change is of conspicuous benefit, yet to prevent their formation is a service still more important. This service is performed by the **BUFFALO LITHIA WATER** when it corrects those digestive failures which are responsible for the production of deleterious materials."

James L. Cabell, M. D., A. M., LL. D., *Formerly Professor of Physiology and Surgery in the Medical Department of the University of Virginia, and President of the National Board of Health says:* "**BUFFALO LITHIA WATER** in Uric Acid Diathesis is a well-known therapeutic resource. It should be recognized by the profession as an article of Materia Medica."

Dr. Chas. G. Hill, *Professor of Nervous and Mental Diseases, Baltimore Medical College, Baltimore, Md.*: "In many forms of nervous exhaustion, accompanying an excess of urates and phosphates, it is invaluable."

Dr. J. T. DeBlanchard, *Professor Montreal Clinic, SM., SN., V. U.*: "I have used **BUFFALO LITHIA WATER** in most obstinate cases of Chronic Inflammation of the Bladder, in Stone in the Bladder, in Uric Acid Gravel, with the most efficacious results."

BUFFALO LITHIA WATER is for sale by Grocers and Druggists generally. Testimonials which defy all imputation or question sent to any address.

Hotel at Springs opens June 15th.

The Tribune Farmer has no superior anywhere as a publication for farmers and their families. Everything worth knowing about the theory or practice of farming is treated by men recognized as experts in their various lines. It keeps the farmer in touch with all the latest improvement by text and pictures, and pays special attention to the work being done at agricultural colleges all over the country. Besides all this it has features to interest the women folk. The price is $1 a year. For a free sample copy send a postal card to the New-York Tribune, New-York.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, MAY 10, 1905.

A DISPATCH from St. Petersburg says that orders have been issued to the police to exclude workingmen and poorly-dressed citizens from the streets and gardens which are selected by the fashionable and wealthy residents of the city for their promenades and rides. This order has naturally resulted in causing many turbulent scenes. The directions, it is said, were given by the prefect of police. Under his instructions the police are to prevent workmen or any poorly-clothed people from entering the fashionable quarters of the city or walking on the quays or in the gardens or squares near the palaces. Every day the efforts of the police to obey these instructions result in small disorders. Workingmen who are stopped by the officers invariably resent such tyranny and attempt to pass. They are then seized by the police and dragged away from the forbidden streets. Had the above statement been sent from some other European capital it would probably be received with caution, but as it came directly from St. Petersburg there is little reason to question its authenticity. The great majority of the human race are poor, and about the only consolation such feed upon is the fact that poverty is no crime, but when attempts are made to insult people who are poorly dressed, through no fault of their own, the fact that class is arrayed against class in Russia is by no means strange.

BY THE arrest yesterday in Stroudsburg, Pa., of a man giving the name of William Daly, but who is known by several aliases, publicity was given to a daring forgery perpetrated upon the Equitable Life Assurance Society, of New York, which resulted in obtaining under false pretenses $27,000. The crime includes the complicity of a trusted employe of the Equitable, who is charged with having stolen a policy for $50,000 from the vaults of the society. Just how many other policies have been tampered with by Daly, or by his confederate, is a matter of conjecture. It seems that the more that is known of the Equitable the worse its affairs appear.

NOTWITHSTANDING Secretary Shaw's prediction that the treasury deficit would be reduced to $20,000,000 by the end of the fiscal year, that deficit continues to soar. Last week alone added more than a million to the balance on the wrong side of the ledger. The expenditures for the fiscal year up to yesterday exceeded the receipts by $300,132,985. Outside of treasury circles the opinion prevails that the deficit cannot be reduced below $25,000,000, but so far not a government official has suggested a method of reducing expenses, while on the contrary they all say that the expenses will continue to increase.

ILLINOIS is to experiment with the primary plan. By a vote of 80 to 46 the lower house of the Illinois General Assembly has passed the primary election bill. The Senate had passed the measure, which now goes to the Governor. Under this law the people will have a chance to vote direct for legislative officers. The bill provides for the nomination of Governor and congressional, senatorial, county and municipal candidates, and also an indorsement of the candidates for United States Senator.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., May 10.

The wind-up of the lottery crusade made by the secret service promises to be as full of interest as the hunt for the principals. All the headmen of the San Francisco coucern have been arrested and are now under lock and key, three in the city by the Golden Gate, one in Chicago, and the last important man, Mark Morris, in New York. W. S. Roberts, the traveling agent of the lottery firm, was gathered in at Chicago after a long chase. His dress-suit case which was captured at Boston, when opened was found to contain 5,000 lottery tickets, a quantity of circulars and other literature, and a list of several hundred names of agents and branch managers who have been dealing in the tickets for the last five years. Acting Chief Moran of the secret service has ordered that all these names be turned over to Assistant Attorney General Purdy, for use in further prosecution if he deems it wise to follow up the crusade.

Justice Wright, of the Supreme Court of the District of Columbia, today overruled a motion to quash the bench warrant issued to bring August W. Machen, former superintendent of free delivery of the Postoffice Department, from the Moundsville penitentiary to Washington for trial on May 22nd under the indictment charging him, William G. Crawford, of Washington, and George E. Lorenz, of Toledo, O., with conspiracy to defraud the government in connection with the sale of letter carriers' supplies.

The troubles between Peru and Chili, over the ownership of the provinces of Tacna and Arica, etc., which have been of longstanding, are in fair way of adjustment. The State Department has been informed that there has been a rapproachment between the two countries which has resulted in the determination to reopen diplomatic intercourse, which has been broken for a long time. The Peruvian government has selected Senor Manuel Alvarez Calderon, now its representative at this capital, as its new Minister to Santiago. The appointment to that post, made difficult and delicate because of the strained relations that have existed and the important matters yet to be settled between the two countries, is regarded as a highly complimentary recognition of distinguished services. By the transfer Washington will lose one of the most popular members of the diplomatic corps.

Count Cassini, the Russian Ambassador, has been transferred to Madrid. He will present his letters of recall to the President shortly after the latter's return from the west and will then leave at once for his new post. It is stated that there is a possibility of his receiving later the appointment to the Paris Embassy. Count Cassini has served in Washington for seven years and has been dean of the diplomatic corps since the death of Lord Pauncefote the British Ambassador two years ago. It is announced here that Baron de Rosen, former Minister of Russia at Tokio, will be Count Cassini's successor.

Secretary of Commerce and Labor Metcalf today heard a delegation of labor men, headed by Samuel Gompers, who demanded the departation of three Hungarian engravers and etchers now detained at Ellis Island. These Hungarians have obtained employment with the American Bank Note Company and the labor men contend that they were brought in for that purpose and that there admission would be a violation of the alien contract labor law.

The section of the International Railway Congress devoted to operation has spent considerable time in discussing lighting, heating and ventilation of trains. The conclusions reached were the effect that while improvement during the past few years has greatly lessened faulty character of these conditions, appliances are still largely used that only very inadequately and moderately satisfy the reasonable requirement of passengers. Today the latest ideas in steam heating, electric and gas lighting and modern design for more effective ventilation were discussed.

Wallace H. Hills, chief clerk of the Treasury Department, was found dead in bed today in a hotel at Carrazozo, New Mexico. Information of his death was wired to the Treasury Department by the proprietor of the hotel.

President in Chicago.

Chicago, May 10.—High winds drove cold rain across Chicago at the dawn of President Roosevelt's visit, but the weather bureau promises warmer and quieter atmosphere before the day is over. The President arrived at noon. A large crowd was present to greet the President and he received an enthusiastic ovation. Governor Deneen, Mayor Dunne and the President of the three clubs having the chief executive's entertainment in charge entered the President's private car and escorted him into the station where a larger committee formally welcomed him to the city. There was no set speech making. An escort of Hamilton Club members will be presented to the President after the Merchants' Club luncheon. They will accompany him to the Hamilton Club where he will receive in elaborated room.

After the Hamilton Club reception the President will drive back to the Auditorium Annex for an hour's rest. At six o'clock he will appear at the Fine Arts Building and receive the 600 or more guests of the Iroquois Club. After the reception the party will go to the Auditorium Hotel for the Iroquois banquet. The first speakers will be limited to ten minutes each. Two hours and a half will be allotted to the President to make his speech and catch his train.

Police and People Clash.

Madrid, May 10.—A clash between the police and the people occurred in the great court of the royal palace yesterday evening in connection with the tercentennial celebration of the anniversary of the publication of Don Quixote in which several people were seriously injured and others more or less hurt. A concert had been arranged in honor of King Alfonso, by a number of singing societies from the provinces. An enormous crowd, attracted by the event, gathered in front of the palace. In spite of the efforts of the police, the people forced their way into the great court.

The police attempted to clear the court and a free fight followed between the officers and the populace. Confusion reigned, and in the melee many people were trampled under foot. Eight persons were dangerously injured and hardly a soul in the great crowd escaped without bruises.

RAILROAD RATES.

Secretary Taft ann Stuyvesant Fish in a joint debate on railway rate legislation, gave the banquet which the American Railway Association, tendered last night at the New Willard in Washington, to the delegates of the International Railway Congress an unexpected and highly interesting turn.

Secretary Taft, after being introduced as "the apostle from the Philippines," emphatically declared that railway legislation must come; that if the railway men of the country were wise, they would aid and not hinder it; that the sentiment of the country is such that it would do no good to the railroads.

Absolute silence reigned as Secretary Taft spoke his mind on the subject of rates. He was positively against government ownership, he said, believing that nothing so deleterious could come to the country as this solution of the question, "but" he continued, "you cannot run railroads as you run a private business. You must respond to the public demand. If there is danger of discrimination, then you must allow the establishment of some tribunal that will remedy that discrimination." The secretary saw no reason why a tribunal properly constituted should not be competent in every sense of the word to fix a maximum rate.

President Stuyvesant Fish, of the American Railway Association, had introduced Secretary Taft. In his capacity as toast master, Mr. Fish was on his feet the instant the Secretary concluded. He answered the Secretary at length, taking the view that the law to prevent discrimination, double dealing and secret rebates was ample and he vigorously called for the enforcement of the law.

Mr. Fish talked of the vested rights of the money tied up in railways. He apologized for allowing himself to be diverted, and as he sat down, Secretary Taft, who sat next to him, queried in a low tone, "May I have fifteen minutes to reply?" This was given, and the Secretary utilized it in making himself even more postive as to his position in favor of legislation which would create a tribunal with authority to name a maximum rate.

Mrs Lee.

Mrs. Fitzhugh Lee will arrive in Norfolk from Richmond this week to remain several days. She has not fully matured her plans for the future. She is with her daughters, Mrs. Rhea and Miss Lee. Further than this her plans for the distant future have not been considered, it is stated.—[Norfolk Ledger.

City Council.

There was a two-hours' session of the City Council last night, during which a considerable amount of business was transacted. Among the matters of general interest disposed of were the ordinances providing for the paving of Royal street from Cameron to Prince with vitrified brick, an ordinance requiring the electric railway company to lay grooved rails on Royal street, between King and Prince, and the license law for the year beginning June 1, 1905, and ending May 31, 1906. Mr. E. C. Dunn was re-elected City Engineer.

BOARD OF ALDERMEN.

All the Alderman were present and the business presented was transacted with but little discussion.

The ordinances providing for the new paving on Royal street from Cameron to Prince and requiring grooved rails on that thoroughfare from King to Prince streets and a report of the finance committee on a communication from the Auditor making additional appropriations for certain purposes, all of which were laid over at the last meeting of the board, were passed.

A report of the finance and light committees on the propositions to dispose of the electric light franchise, rejecting the same, was received from the Common Council, by which body it had been recommitted with instructions to have another ordinance prepared and advertised.

Mr. Hill suggested an amendment to the effect that the committees embody in the ordinance the disposition of the gas works also.

Mr. W. H. Sweeney was averse to this proposition and said Mr. Hill's ideas should be embraced in a separate ordinance.

Most of the members concurred with Mr. Sweeney.

Mr. Fisher was not satisfied with the action of the Common Council, as it looked to him as if the committees had been empowered to draft an ordinance, advertise the same and dispose of the plant. He called attention to the fact that a resolution had been introduced in the lower board looking toward bringing the matter before the voters of the city.

President Sweeney and other members did not view the action of the lower board in that light, as it was clear to them that whatever action the committees might take it would be necessary for the City Council to adopt the same.

Mr. W. H. Sweeney assured the board that the committees had no intention of proceeding in an independent way, and that whatever conclusion they reached would be reported to Council.

Mr. Fisher, upon this assurance, withdrew his opposition.

Mr. Hill subsequently introduced a resolution embodying his idea concerning the city gas works, and it was referred to the committees on light and finance.

A large stack of papers which had come in from the Common Council was read and the action of that board upon the same concurred in.

While the license law was being read the second time Mr. Hill desired to have a specific license tax of $50 placed upon theatrical halls instead of a license tax for each performance in such places. He said a tax of $100 a year was levied in Washington upon such places, and that by adopting the same plan in Alexandria considerable trouble would be avoided, as at present a separate license had to be obtained when a show came to the city and in conjunction with the cost of the license a fee was paid to the Commissioner of the Revenue on each. He, however, subsequently withdrew his objection to the present plan, as the idea was late and a delay in the passage of the ordinance would result were he to press the matter.

The Aldermen were invited to the chamber of the Common Council to participate in the election of a City Engineer, and shortly after their return adjourned.

COMMON COUNCIL.

Fifteen members were present.

The committees on finance and schools reported that information had been received from the City School Board that no additional appropriation would be required to continue the session this year at the close of June, and this report was accepted.

The finance committee reported adversely to the application of Fire Chief Petty for an increase of pay to $300 per annum. Capt. Bryan, chairman of the committee, said that he appreciated the efficient services rendered by the chief, but, the city could not afford the increase.

Mr. Strauss opposed the report and moved to non concur.

This motion to non-concur was agreed to ayes 9, noes 5.

Mr. Strauss moved that the salary of the fire chief be $250.

It was finally ordered that $200 per annum be allowed the fire chief for expenses during the residue of his term of office, making his whole pay $250 per annum.

The committee on light and finance reported on the electric franchise sale advising that all the bids be rejected and that a new ordinance be prepared providing for a readvertisement of proposals for sale. The report was adopted and recommitted.

The finance committees reported the appropriation bill for 1905-6 and which is practically the same as last year's except that the appropriations for streets, public schools and gas works are left blank. The bill was recommitted. The same committee reported the license bill practically unchanged from last year.

Mr. Leadbeater moved to increase the license tax on wholesale liquor dealers from $75 to $350. He said that it had been proposed to make this increase several years ago, but the same year the State tax was materially increased, so the proposal for a local increase had been deferred, but he thought that the time had now arrived for this purpose. Alexandria's tax was very much less than in any other railroad city in the State and dealers from abroad were thus induced to come here and compete with the older dealers. The conditions now coming with the said improvements &c. made such a tax a necessary, besides the low tax was an inducement for those who failed in other businesses to open saloons, which was not desirable.

Mr. Bryan said that the city license was lower than in other cities but that the State license was now so high that the committee was unwilling to make the local license higher than it was last year.

The motion of Mr. Leadbeater was lost.

When the section which fixed the license tax on retail liquor dealers at $75 came up

Mr. Leadbeater moved to increase the tax to $150, but this proposals was also lost.

The bill was then passed into an ordinance.

The committee on streets and laws reported an order that the Corporation Attorney prepare an ordinance requiring the owners of the Braddock House to put that building in a safe and sanitary condition, and this was accompanied by a resolution that the owners be notified that work for this purpose shall begin not later than the 25th of May and be completed on or before the 30th of June.

The report and resolution was agreed to.

Committee reports were agreed to as follows:

The appropriation of $250 to widen gutters, &c., on Lee between Wilkes and Franklin streets;

Also granting to R. E. Knight the right to use frame work in improving his King street property, providing the adjoining property holders consent.

An adverse report on a proposal to appropriate $30 to repair the alley running to St. Asaph street from Washington east between King and Cameron streets was agreed to.

A communication from the City School Board setting forth its desire to make the school session of 1905-6 a full ten months' session, was read and referred.

An application for $300 to repair the Armory, made by the officers of the Alexandria Light Infantry, was referred to the finance committee; as was an appropriation of $150 to extend the sewer on Washington from King street north.

At the request of the teachers Mr. Williams offered a resolution that sufficient money be appropriated to pay the teachers for the entire month of September, 1904, instead of for the time they actually taught in that month. This was referred to the committee on finance and schools

W. P. Taylor was authorized to use electric lights for ornamental purposes at his store on King street.

A resolution for $600 to improve Wolfe street from Lee to Union street, was referred.

Mattie E. Davis was authorized to improve house No. 212 south Patrick street.

Mr. Leadbeater introduced a resolution endorsing Mr. K. Kemper as superintendent of schools. He said that although the School Board had unanimously endorsed Mr. Kemper there had been some delay at Richmond in his appointment. He could not see why, for the superintendent was both acceptable and efficient.

Mr. Bryan took great pleasure in seconding the motion. He could not imagine any objection to Mr. Kemper. He had been an educator ever since he could recollect, was thoroughly competent and was an old soldier. Mr. Kemper was unanimously endorsed by the board, the names of each of the 15 members present, on motion of Mr. Strauss, being called and his endorsement being given.

All the papers coming in from the Aldermen were concurred in.

A joint meeting then convened to elect a City Engineer, the term of the present incumbent having expired.

Mr. Strauss nominated Mr. E. C. Dunn, the present incumbent, and Mr. Leadbeater seconded the nomination.

Mr. Dunn was unanimously elected, the joint session dissolved and the board adjourned.

The Washington Militia.

A sensation was sprung in Washington military circles yesterday, when Brig.-Gen. George H. Harries, commanding the District of Columbia National Guard, issued four short paragraphs, known as "General Orders No. 5," disbanding the First regiment of the Guard as a regiment and honorably discharging Col. Henry May, the commander of the regiment; Lieut. Col. Burton R. Ross, who is second in command, and Capt Walden Myer, the regimental chaplain. Members of the First regiment regard these new orders as humiliating to them. Under the order the First, Second and Third battalions of the First regiment are detached and designated as the Second, Third and Fourth "separate" battalions of the Guard. The first separate battalion of the Guard is composed of negroes, and many members of the First regiment regard the designation as second separate, third separate and fourth separate battalions as giving them a rank below the negro battalion.

Reunion at Manassas.

The Society of the Army of the Potomac will hold its thirty-sixth annual reunion at Manassas today and tomorrow. At 10 a. m. the corps meeting was held and at 11 a. m. the business meeting of the society. Lieut. George C. Round, formerly of the United States army, and Col. Edmund Berkeley, a Confederate veteran, delivered addresses of welcome.

At 3 p. m. in the courthouse addresses were delivered by Judge Chas. E. Nicol, Gen. Horatio C. King, Rev. Dr. Newell Dwight Hillis, of Brooklyn, and Major-General Daniel E. Sickles.

Tonight there will be a camp fire when addresses will be delivered by Judge Nicol, Mr. J. B. T. Thornton and others.

Tomorrow the visitors will be shown over the battle field.

Odd Fellows.

The Grand Lodge of Odd Fellows convened in annual session in Lynchburg yesterday, with 300 delegates to this body and the Rebekah Assembly and their friends in attendance. They were welcomed on behalf of the city by ex-Senator Don P. Halsey, and on behalf of the local lodges by Rev. D. G. C. Butts. Responses were made by Grand Master Morris and Hill Montague, of Richmond. After the public exercises both bodies went into secret session.

Messrs. P. M. Bradshaw and W. P. Henshaw are representing Potomac Lodge of this city.

FOREIGN NEWS.

An operation was performed today on Prince Adalbert, the third son of the Kaiser, at Karlsruhe, Germany for blood poisoning. The Prince is reported to be doing well after the operation. The Prince was stung by a fly and symptons of blood poisoning developed.

What looks like the first step in a Trans-Atlantic rate war, was the official announcement issued in Liverpool today by the International Mercantile Marine Company, otherwise known as the shipping trust, that the White Star, the Dominion, and the American lines have given notice of their withdrawal from the North Atlantic agreements for first and second cabin rates.

Chased All Over Europe.

On the Kaiser Wilhelm II, which arrived at New York yesterday there returned to that city a detective who for two and and a half months past has been chasing a defaulter all over Europe. The story is that this defaulter who made his escape on the Kaiser Wilhelm der Grosse robbed a mercantile house in New York of $275,000.

The defaulter got away with the money just 10 weeks ago and sailed for England. Before he had reached London his movements in New York had been traced and Charles Heidleberg, the detective, started after him. Heidleberg made a quick trip and landed in London shortly after the man he was seeking. Information had reached the defaulter, however, and when Heidleberg arrived at the Hotel Cecil where the man was supposed to be stopping, he had fled.

Apparently the defaulter had an accomplice who kept him informed as to the movements of the detective. Heidleberg was at a loss in London for several days, but at length ascertained that his man had started for Paris. Then commenced a chase that led through France Germany and Austria, ending in the escape of the defaulter in Vienna.

Daniel and Martin.

The Academy of Music in Lynchburg was crowded last night with friends of Senator Thomas S. Martin, who ably defended his course in Congress. On the stage were some fifty leading business men. Senator Martin was introduced by Senator Daniel, who said he was glad of the opportunity to fill the duty imposed upon him for the evening, and referred to the fidelity and good service rendered by Mr. Martin in the Senate. He said the service of Mr. Martin was as good as any senator ever rendered his constituents. "Mr. Martin," he declared, "has been able to achieve things that have made his name famous, and I make no compromise when I say Thomas S. Martin has lived up to the highest standard that becomes a United States senator. Strong minded, clear headed, level headed, firm, cool, composed, fixed and unalterable in his purpose, his course has been crowned with wisdom, and he is respected by his colleagues in the Senate as well as by all who appreciate his ability to serve his country.

The Eastern War.

France has sent orders to the authorities in French Indo-China not to permit the junction within French waters of the forces of Rojestvensky and Nebogatoff. The French Admiral has also been instructed to see that Rojestvensky keeps his promise to quit French waters.

Premier Balfour, in the House of Commons, read a statement from the French Ambassador to the effect that Rojestvensky had promised to leave the vicinity of French waters on May 3.

There is a feeling in Tokio that it would have been impossible for Rojestvensky to come to the far East without outside assistance, which intensifies the bitterness against France.

A dispatch from St. Petersburg says that General Kuropatkin has finally been relieved of the command of the first Manchurian army and recalled to St. Petersburg.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

The Horrors of Whiskey.

Liquor Habit a Disease Readily Curable by Orrine, an Infallable Specific.

It is now universally conceded that drunkenness is a disease, and the drunkard should be treated for this disease with the one specific for its cure, Orrine. This remarkable remedy removes the craving for liquor; restores the stomach to a normal condition; creates a natural appetite, and makes the user a man again, free from all desire for strong drink.

Orrine is in two forms—No. 1, to be given without the patient's knowledge; No. 2, for those who wish to be cured. The medical profession indorses Orrine. It can be used at home and cures the terrible habit without publicity or detention from business. Price is only $1 a box. Sold by E. S. Leadbeater & Sons, Druggists, Alexandria.

Woolf, Rockville, Md.; benediction, by Rev. John S. Hutchinson, Alexandria.

Jumped the Track.

Electric motor No. 16 and trailer No. 103 had a slight accident at the intersection of King and Columbus streets on the seven o'clock trip to Washington this morning. The motor started straight up King street while the trailer turned up Columbus street. The accident is said to have been caused by a defect in the switch at that point. There was a slight panic among some of the passengers. By the use of a coupling pin and with a little help from the crowd the trailer was again placed on the track and the train resumed its way up King street.

About noon trailer No. 100 of a north bound train jumped the track at the same place and caused some excitement among the passengers and people on the sidewalks near the scene. No material damage resulted. The spring in the switch is said to be broken.

Female Imposters

While a lady of this city was on the street this morning she saw a woman soliciting money from people she met, three of whom responded to her appeals. The woman finally approached the lady and asked aid for a female who she said was an inmate of the Alexandria Hospital. She gave the name of the object of her solicitations, and when the lady whom she accosted (who, by the way is thoroughly posted on hospital affairs) told her the patient had been discharged some time ago, she found she had made an irreparable blunder, and when threatened with arrest as an imposter, the woman walked rapidly away and turning a corner was soon out of sight. Other females are said to be going about the city begging money in the names of inmates of the hospital, who are furnished with every thing needful as well as with certain luxuries.

Brought to this City.

While a north bound passenger train of the Washington-Southern Railway was at Doswell yesterday a colored boy named Herman Cathorn, about ten years old, boarded one of the cars and before he could alight the train started. He was afraid to jump and the conductor refusing to stop the train and put him off, the boy was brought to this city. He was taken to the station house and kept there until this morning when the conductor of a south bound train was requested to take him to Doswell. The conductor refused to do so, and Lieutenant Smith today took steps toward inducing the railroad officials to return the boy to his home, inasmuch as he was brought here by one of the company's trains.

Police Court.

[Justice H. B. Caton presiding.]

Peter Kits, colored, arrested by Officers Roberts and Henderson on suspicion of stealing cigars from Dan Henry, was dismissed.

Two young white men, arrested by Officers Beach and Bettis charged with habitual drunkenness, were sent to jail for ten days.

Issac Smith, arrested by Officers Knight and Ferguson charged with disorderly conduct, was fined $2.50.

The New Highway Bridge.

The work is far advanced on the stone piers of the new highway bridge across the Potomac. On Monday afternoon the tug Camilla left with one of the large steam derrick machines which was used in the pier-building work, and which the contractors are sending to Havre de Grace Md., where they have a contract for the building of a big bridge over the Susquehanna river for the Pennsylvania Railroad Company. It is thought that by the end of the month the stone work on the new bridge will be practically completed.

Mr. Crupper Resigns.

Mr. Joseph L. Crupper, who for a number of years past has been chairman of the city republican committee, has tendered his resignation to that committee. This action is in conformity with the purpose of Mr. Crupper as expressed some time ago when he concluded not to be an applicant for reappointment as postmaster of Alexandria, in order that he might devote his time and attention to his private business.

Deaths.

Mrs. Clara Evans died in Washington last Sunday. The deceased had a number of relatives and friends in this city.

Bridget McNamara (nee Brown), widow of Patrick McNamara, died in Washington last Sunday. The remains were brought here today and interred.

Personal.

Mr. J. Stanley Neale, who has just returned from a visit to King William county, reports that the ground hog in that portion of Virginia is adding to its mischievous nature as a meteorological pest and is devouring ducks, for which fowl the rodent has a keen taste. The creature was captured and many, including Mr. Neale, examined the weather prophet.

Maj. E. H. Janney will soon reoccupy his old home on Seminary Hill. He will remodel the residence, and the work will be under the supervision of Mr. Jos. F. Rodgers.

Rev. W. J. Morton, of Alexandria, was in the city Tuesday.—[Fredericksburg Star.

Mr. and Mrs. George Francis have returned from their wedding tsip.

Council of Jewish Women.

At the annual meeting of the Alexandria Council of Jewish Women, held at the synagogue on north Washington street, Monday, May 1st, the following officers were elected for the ensuing year: President, Mrs. Max Rosenfeld; vice president, Mrs. Alexander Kaufmann; secretary, Mrs. H. A Blondheim; corresponding secretary, Miss Jennye Blondheim; treasurer, Mrs. Chas. Bendheim. The general principals upon which the ladies of this organization work are religion and charity, and especially in the latter field their efforts have proven very beneficent. At their last meeting the president reported the affairs of the council to be in a very prosperous condition.

Pulled from the River.

Last night while some Alexandria mechanics were at work on a steamer lying in one of the city docks, their attention was directed to a drunken man, who was in danger of falling overboard. The workmen persuaded him to leave the wharf, but he soon returned and either fell or jumped into the river. The men on the boat heard the splash and threw a rope to the man in the water, but the latter refused to avail himself of its use. Those who had gone to his rescue managed to place the rope around his body and pulled him from the water by main force.

Gas Main Extension.

The committee on light met last night and instructed the superintendent of gas to report the cost of extending and renewing the gas main on Franklin street from Washington to Columbus; on Columbus from Franklin to Gibbon; on Duke from Alfred to Henry and on Alfred from Oronoco to Pendleton; also in the event of the repaving of Royal street to report the cost of renewing the mains on that street from Cameron to Prince streets.

Entertainment.

An entertainment, entitled "Ma Dusenberry and her Gearls," will be given in Christ Church Parish Hall tomorrow (Thursday) night, for the benefit of the piano fund. The entertainment will consist of songs, choruses and recitations. The young people who are to take part have been rehearsing for several weeks and a very creditable performance is expected.

Awarded a Patent.

Mr. George W. Pettey, of this city, has been awarded a patent for his electrical indicator. The device is an improvement over the first design, and embraces a light and a bell and works automatically. It is designed for general use, especially at engine houses and on streets. Mr. C. E. Duffey, of this city, drew the designs.

Lights at Bank.

The Virginia Safe Deposit and Trust Corporation has placed attractive columns at the door of their new banking building on King street. They are surmounted by gas jets which are enveloped in beautiful glass globes. They were lighted last night and attracted the attention of all passersby.

Fine Specimens of Crabs.

Following an annual custom, there was sent to this office today from Rammel's Restaurant a tray of the finest crabs seen here this season. Nothing more pleasing to the taste could have been prepared—steamed, hard shelled crabs, large and finely flavored, delicious devilled crabs, known to have been prepared from crab meat of their own picking and some fine soft shell crabs on toast. The feast was greatly relished and we take great pleasure in recommending the sea food prepared by this restaurant.

Turtle Soup.

Mr. Charles Zimmerman sent to this office today several bowls of turtle soup served to perfection and seasoned to suit the King's taste. Mr. Zimmerman will serve turtle soup daily during the season.

LOCAL BREVITIES.

The Grant Manufacturing Company met in this city today for the election of directors.

There were no fresh arrivals of fish at Fishtown this morning. The season is virtually over.

The weather has been fair and pleasant again today. There were sprinklings of rain last night.

The contested liquor license cases were continued by Judge Barley this evening till Friday.

Several granolithic pavements are being laid on both sides of King street, betweeen Alfred and Patrick.

The Modern Woodmen of America will meet tonight. A degree team from Washington will be present and confer a degree on a candidate.

G. W. Slatford has sold to G. Y. Worthington 4 lots in the Barrett subdivision in the square bounded by Alfred, Patrick, Montgomery and First streets.

Mr. Sylverne Laupheimer of this city was among the number who passed a successful examination yesterday as a graduate of the Washington College of Pharmacy.

There was a well-attended and interesting meeting last night of Alexandria Council, Royal Arcanum, at which arrangements were made to celebrate Arcanum Day on June 27.

A horse attached to a wagon belonging to Mr. Charler Elliott fell at the intersection of Gibbon and Royal streets about noon. The driver was thrown from the vehicle but he was not seriously hurt.

The annual meetings of the New Hampshire Apartment House Company and of the Gladstone Apartment House Company were held in this city yesterday evening for the election of directors.

Florence Davis, colored, daughter of William Davis, well known to all Alexandrians, who was injured in the collision of electric trains at Spring Park several months ago, has gone to the Post Graduate Hospital in New York for treatment.

Today's Telegraphic News

Situation in Chicago.

Chicago, May 10.—The visit of President Roosevelt to Chicago today was a diverting feature in the strike situation. Recognizing the importance of a showing of peaceful conditions, the labor leaders made strenuous efforts to prevent their followers from being responsible originators of disturbances. The inclement weather aided materially. It was the intention to have a committee, headed by President Shea of the teamsters and President Dold, of the federation, go westward to meet the President's train and advise the Chief Executive of labor's side to the controversy, but advices from the special train indicated that there was little room thereon, and the trip was abandoned. The idea of personally making known to the President their own views has not been abandoned, however, and a committee of five labor leaders will endeavor this afternoon to secure an audience with the President some time between his reception at the Hamilton club and the banquet at the Iroquois club. It is said to be the plan directly to ask the President's interference as an arbitrator. As a preface to the appeal the committee has prepared a long memorial outlining the history of the strike which the President will be asked to read.

The employers state that they "will leave the President alone," so far as the strike is concerned, and that whatever mention of the dispute shall be made, it will be only incidentally in private conversation. The spread of the strike is slow. Only seventy drivers for different firms went out yesterday, among them the flour delivery teams, thereby embarrassing the bakery interests. In the teamowners' association there are signs of interior dissensions, it being asserted nine concerns are about ready to declare "open stable." As a contradiction to the reports that a general strike was contemplated, the teamsters' joint council adopted resolutions in denial.

The plan to seek an interview with President Roosevelt by the labor leaders has been abandoned. Not a single serious disturbance has been reported to the police up to noon today.

Slaughter of Jews.

St. Petersburg, May 10.—News in regard to the rioting at Jitomir where the orthodox Christians attacked the Jews on Sunday, is still dribbling through. The reports, however, are far from complete, and the worst undoubtedly is still to come. The casualties as announced so far are known to be understated. The Jews had warning of the attack and consequently were able to arm themselves and offer strong resistance. According to the Central News the slaughter was terrible. The outbreak was the work of agitators who systematically worked up the passions of the Christians against the Jews, and planned the attack.

Jitomir, Russia, May 10.—While the list of those killed and injured in the recent riots has not yet been completed it has been ascertained that there were over 100 victims of the outbreak on both sides.

The attack on the Jews was evidently carefully planned and carried out, with the tacit consent of the authorities. The feeling against the Jews was carefully and systematically worked up by agitators. Many "Hooligans" have confessed that they were paid to create disturbances.

A fortnight ago Jews, who had an inkling of the plot, applied to the local authorities for protection, stating their fears. They received no satisfactory answer to their plea.

When the rioting began the police looked on without making an effort to prevent the slaughter of Jews. The troops even took a hand to prevent the Jews from banding together to defend themselves, so that they fell easy victims of the mob singly or in small parties.

On Monday night word as to the massacre reached St. Petersburg, and the minister of the interior ordered the governor of Volhynia province to take energetic measures to put an end to the outbreaks. It is estimated that fully 1,000,000 roubles damage has been done by the riots.

Affairs in Russia.

St. Petersburg, May 10.—Your correspondent learns on good authority that the project of establishing a national assembly will be committed to the council of ministers in the autumn. The sanction of the council and of the Czar will be given in October, and the election of delegates to the proposed assembly will begin in November.

St. Petersburg, May 10.—A meeting of workingmen was held here yesterday to make arrangements for the celebration of Labor Day on May 14. The meeting has been announced to be held in Petroff Park, but instead of gathering there the workingmen met quietly in another part of the city. A resolution was adopted providing that Labor Day shall be celebrated peacefully, and without any demonstration against the government, so that no pretext shall be given for the police to interfere. Several thousand workingmen attended the conference yesterday.

Suicide of a Woman.

Englewood, N. J., May 10.—Mrs. Benjamin Strong, jr., wife of Benjamin Strong, secretary of the Bankers Trust Company, of New York, committed suicide this morning by shooting herself with a revolver. She had recently been suffering from an attack of nervous prostration. Mrs. Strong was about 35 years old, and was the mother of four children. Mr. Strong was in an adjoining room when the fatal shot was fired.

Indo China Incident Closed.

Paris, May 10.—The Indo-China neutrality incident is regarded in official circles as closed. France, in the opinion of the authorities, has fully observed the obligations of neutrality, and no attention will be paid officially to the recent flurry which is regarded largely as a newspaper scare.

An iron box was deposited in one of the banks in Moscow some time ago and placed in a vault. Last night the box was opened and was found to contain large quantities of explosives.

The Fleets.

St. Petersburg, May 10.—According to the Russian admirality the squadrons of Admiral Rojestvensky and Rear Admiral Nebogatof have been in communication for several days by means of fast cruisers. It is said that the two fleets are now close enough together to permit the transmission of wireless messages.

Reports received by the naval bureau show that the Japanese are calling upon all their naval reservists and are contemplating new shore defences, in evident preparation to resist any attacks the Russian vessels may make.

General Zaebureff who has been the commander of the fourth Siberian corps, has, it is stated, been appointed commander of the first army, in Manchuria, in place of General Kuropatkin, who has been recalled from the front.

London, May 10.—The correspondent of the Exchange Telegraph Company, at St. Petersburg, wires that the cruiser Almaz eluded the Japanese vessels which have been keeping a watch for the Russian fleet, and has reached Vladivostok.

Probably a Love Tragedy.

New York, May 10.—Side by side in the morgue a Japanese woman and a man lie dead today. The man has a bullet wound behind the left ear, and the woman has a wound in her breast and another in her head. The names of the dead are unknown, but the police are convinced that the man shot and killed the woman and then committed suicide in the Dry Dock Hotel, where their bodies were found. They registered there as "Myron Lewis and wife, New York," yesterday morning. In killing the woman, the Japanese set the room on fire but extinguished it with his bare hands, burning himself severely. He then ended his own life. Poet and philosopher was the Japanese, and from verses and quotations from Huxley, and Spencer found in his pocket, it is believed that he and the woman may be the victims of a love tragedy.

Forest Fires Checked.

Plymouth, Mass, May 10.—The forest fire which has devastated the pineries in Kingston, Plympton, Carver and Plymouth is checked, but the danger of its reviving will not be passed until a rain has drenched the woods. Nearly one half of the township of Kingston was burned out and late Monday night the fire department of the town was called to protect houses half a mile back from the centre. Plymouth and Carver men had to repair to the Snappet road in their towns to hold that line and prevent the fire crossing to new ground. The western edge of the fire in Plympton and Kingston resumed operations Tuesday afternoon. About seven square miles were burned over and much of it was covered with white pine of half a century's growth. Kingston suffered most severely, the other towns escaping with less loss.

New Russian Loan.

Birmingham, Eng., May 10.—The Post states that it has excellent authority for saying that proposals made by a syndicate of German bankers to certain American financiers to participate in a new Russian loan for 10,000,000 pounds sterling have been rejected. The refusal of the American financiers was based upon the inadequacy of the security offered by Russia and the high price at which Russia demanded the loan should be made.

Nan Patterson to Write a Book.

Mr. Abraham Levy, chief counsel for Nan Patterson, has told a correspondent that it was the intention of Miss Patterson to write a book for publication immediately upon her being released from custody, which, Mr. Levy said, would be in a very few days. Necessarily the work will dwell largely upon the great event in the girl's career, the tragedy in the cab, but it will embody as well a tale of the actress's life worked in as a part of a thrilling romance.

Mr. Levy could not say what the title of the romance would be, but admitted that it would be largely the life story of his client, and that it would be absorbing as a work of fiction as well as an interesting recital of the facts of the drama in which she had played the leading part. It is conjectured that the suggestion came from Mr. Levy himself, who has negatived proposals that Miss Patterson would return to the stage to earn money with which to pay her lawyers.

"Miss Patterson," said Mr. Levy, "could return to the footlights the very night of her release, but I have never advised her to do so. Her value as a theater attraction would, of course, be very great at first—and then—well, you know how these things are."

Accident to Automobile Party.

Major Willard C. Fisk, of the Seventh Regiment, and living in Jersey City, his wife, their son, Clinton E. Fisk, and a chauffeur, George Blakeslee, nearly lost their lives in an automobile accident early yesterday, when an engine ran into their machine at Iselin, N. J., near Rahway. Major Fisk and his son escaped injury, but Mrs. Fisk is in a precarious condition in Christ Hospital, in Jersey City, while the chauffeur, although painfully hurt, was able to go to his home after the hospital surgeons had dressed his wounds.

Major Fisk is a prominent lawyer and partner of Congressman Allan K. McDermott. He and his family had been spending several weeks at Atlantic City, and planned to make the trip home in a new 24-horsepower automobile just purchased in Philadelphia.

The car was making good time, and it is believed that chauffeur the calculated that he could cross the track ahead of the freight train going west. At the last moment the three men in the party jumped from the car and tried to pull Mrs. Fisk with them. She got only part way out when the motor ran broadside into the freight train. Mrs. Fisk was thrown on the track and the machine was completely wrecked.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following recently appeared in the Altcheson (Kan.) Globe: "Joe Tack, a well-known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommen ded Kodol and he says it cured him. He recommended it to others who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.

"I Thank The Lord!"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at E. S. Leadbeater & Sons' drug store; 25c.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cure of colds, can be had for a trifle? For sale by Gibson & Timman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

There Is a Difference.

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrup is that it moves the bowels, thus expelling a cold from the system. This relaxes the nervetissues and by its healing effect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Tastes good. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick street.

Avoid The Dangers and Sufferings of Womanhood

Many a girl who graduates from high school or female college with a brilliant record and high standing is broken down before she is twenty.

Nowadays girls are pushed to the limit of their endurance both in school and society. They must make a success—even if they are forever unfitted for the larger school of life and debarred from wedded happiness and the bliss of motherhood.

At this time of life, when just entering upon womanhood, nature makes heavy drains upon the vitality, especially at each monthly period,

Lydia E. Pinkham's Vegetable Compound

the most wonderful of all tonic restorative medicines for women, will tide a young girl over this trying time and bring her safely into strong, noble, beautiful womanhood.

Experience of a Beautiful High School Girl

Her First Letter.

MY DEAR MRS. PINKHAM:—I write to see if you can suggest some means to cure me. A little more than a year ago I was sick with menstruation for the first time, and since then I have been sick all the time in some way or other and suffered with painful and irregular menstruation. I went to a summer resort for my health and was doctored all summer, but to no effect. I have not menstruated for two months and thought I would see if you could do me any good. I attend High School and would not like to miss any time if it is possible. MARION BARBER, North Adams, Mass.

Miss Barber writes again after two years

MY DEAR MRS. PINKHAM:

Sometime ago I wrote to you for advice, being troubled with irregular and painful menstruation and womb disease. I began taking Lydia E. Pinkham's Vegetable Compound and Liver Pills and using the Sanative Wash, and I am glad to say I am completely cured and have not had any sickness since. I wish to thank you for your kind advice and shall recommend your medicine to my girl friends. MARION BARBER, 101 Bracewell Ave., North Adams, Mass.

Free Advice for Young Girls

All young girls are earnestly urged to write to Mrs. Pinkham, at Lynn, Mass., for advice. Thousands of women are well, strong, and beautiful to-day because they made a confidant of Mrs. Pinkham and followed her instructions at this critical time of their lives.

DR. MOFFETT'S TEETHINA (TEETHING POWDERS)

BOOKS AND STATIONERY.

HISTORY OF ALEXANDRIA.
To the frequent questions as to when the History of Alexandria will be published, I wish to reply that it will be published as soon as Mr. Horace Ramey, the publisher, receives sufficie t subscriptions, to be paid on delivery of the book, as will pay him for the paper, printing, &c. He is now circulating subscription papers which will be found at many places of business.
